

# INTERNATIONAL INSTITUTE FOR TRAINING & RESEARCH IN REPRODUCTIVE HEALTH

Chairperson: Dr.Kamini A. Rao

## Launching Great Careers in Reproductive Medicine

The International Institute for Training & Research in Reproductive Health (IIRRH) is one of India's premier institutions for education and training in reproductive medicine.

- Post-Doctoral Fellowship Programmes in Reproductive Medicine
- PhD in Reproductive Biology
- Certificate Courses in Reproductive Medicine
- Short term Training programs in Assisted Reproductive Technology

## About IIRRH

The Institute was founded in 1999 and has an affiliation to Milann - The Fertility Centre, which is the Institute's service delivery arm. Milann under the leadership of Dr. Kamini A. Rao, is one of India's most advanced Fertility Centres, and has redefined high-tech fertility care in South Asia.

The institute's mission is to train Clinicians and Embryologists in advanced human reproduction and infertility and has at its core, the mantra "Education and Research towards better Patient Care". We offer two post doctoral Fellowship programs in Reproductive Medicine - one, an in-house program and the other, under the aegis of the National Board of Examinations. In addition, the Institute offers PhD programs in Reproductive Biology from NITTE University, VIT University and Bangalore University. We also conduct a number of short term training programs, as well as six month & one year Certificate Courses for Clinicians and Embryologists at our world class fertility training centre established in Bangalore. The Institute is proud to have maintained a 100 percent pass rate since its inception.

## ALUMNI - Our alumni are at some of the top Infertility Centres in India & abroad !

#### Dr.Mamta Dighe

NBE 2003-2005.

Program Director IVF, Deenanath  
Mangeshkar Hospital, & Director  
Arunankur Fertility Centre,  
Pune, India.

"The programme has given me an indepth knowledge of all aspects of Infertility starting from methodically investigating an infertile couple to a thorough knowledge of the endocrinological and genetic basis of infertility. The fellowship programme at BACC trains you to become not just an IVF practitioner but teaches you to efficiently setup and manage an IVF programme giving good pregnancy rates."

#### Dr. Jyothi R Pillai

NBE 2004-2006

Consultant

Janeen Fertility and Genetics Centre,  
Ibn Al Nafees Hospital, Bahrain

I sincerely recommend the fellowship programme at BACC as the best for any clinician to update them with the latest advances in the field. The methodical training under Dr Kamini Rao helps you evolve as a much more confident and efficient doctor.

#### Dr. Nivedita Shetty

NBE 2007-2009.

Infertility Specialist  
Mysore

"This program provides you with the latest theory and practical knowledge. The fellowship is compressed, intense and energetic & inspires all students. Dr. Kamini is one of the best teachers that I have ever had and for which I will always be grateful."

#### Dr. Baiju P A

NBE 2008-2010.

Clinical Director,  
NCARE IVF Centre,  
Malappuram, Kerala

"It's indeed a pleasure to share my experience at your Centre as a Fellow in Reproductive Medicine. I feel it is one of the best places to learn with hands on experience. Though it is purely a private Centre we got enough and more exposure to interact directly with patients, to counsel them, to take decisions on investigations and also get involved physically and mentally in all aspects of IUI, IVF and Endoscopy treatment. I take this opportunity to thank Dr Rao from the bottom of my heart for this opportunity."

#### Dr.Jyothi Bali

RGUHS 2009-2010.

Consultant IVF Specialist,  
Bloom IVF Centre, Fortis La  
Femme Hospital, New Delhi.

"The fellowship programme at BACC is the best of its kind in the country. Completing the programme enables practitioners to immediately apply their newly acquired skills and independently and confidently manage an IVF programme."

#### Dr. Mandeep Kaur

NBE 2012-2014

Consultant Nova IVI  
Jalandhar

It is a matter of great pride and pleasure to share my experiences of being with Padma shree Dr. Kamini Rao at Milan Bangalore. My life has changed completely after completing fellowship at this centre of excellence. Academics and hands on training are worth mentioning but apart from this I have achieved professional development, passion and learnt patient centric approach in reproductive medicine
